ABOUT

United Medical College started its journey in 2019 with a vision to nurture skilled and compassionate physicians through international-standard medical education, meeting the growing demand for quality healthcare in Bangladesh and beyond. As part of the Healthcare Division of United Group, one of the largest business conglomerates in Bangladesh, it stands on a strong foundation of excellence and trust.

United Medical College stands on a 2.5-acre campus at United City, Satarkul, in the capital of Bangladesh, Dhaka, featuring an academic building equipped with modern amenities and advanced medical equipment, spacious galleries, enriched library and state-of-the-art laboratory to ensure an outstanding learning and training environment.

MISSION & VISION

- Produce skilled, ethical medical professionals
- Evolve into a globally recognized institution
- Serve national and global healthcare needs

MESSAGE FROM THE PRINCIPAL

Professor Dr. Abdul Wakil
MBBS, M. Phil
Principal, United Medical College

Medical science is one of the most dynamic and powerful achievements of human civilization. Medical education is imparted to students to develop their head and heart, enabling them to acquire the knowledge, skills, and attitude necessary to serve humanity. For this purpose, students and teachers must follow a planned and structured educational program. Our prime goal is to produce clinically sound and community-oriented doctors.

I am pleased to inform the students and their guardians that the teachers of United Medical College have been conducting classes for the benefit of the students since April 2020.

Our commitment and sincere efforts, combined with the support of all relevant stakeholders, will enable us to prepare efficient doctors for the future generation.

I am thoroughly enjoying studying at United Medical College. The spacious campus is at a calm, picturesque location which provides the best environment for studying. The library, classrooms, dissection hall and laboratories are all well-equipped with state-of-the-art facilities. The teachers are all highly qualified, helpful and friendly. Everything here is just perfect!

I am so glad I chose UMC !!

Safa Sharara Rahman
Final year student of United Medical College
